The screenshot displays the GitHub profile of user 'snehabakre7'. The profile header includes the name 'snehabakre_25bcy10096', a greeting 'Hi, I'm Sneha' with a waving hand emoji, and the bio 'BTech CSE (Cybersecurity & Digital Forensics) 1st Year Student'. Below this is the 'About Me' section, which describes the user as passionate about technology and cybersecurity, a curious learner, and someone currently building a foundation in programming and digital security. The 'What I'm Learning' section lists four topics: Cybersecurity Basics, Programming (C / Python), Networking Fundamentals, and Digital Forensics. The 'Goals' section lists three objectives: building strong cybersecurity skills, learning ethical hacking techniques, and working on real-world tech projects. The 'Connect With Me' section provides an email address: snehaxxx@email.com. The 'Fun Fact' section states: 'I love discovering new tech and making learning fun'. Below the bio is a navigation bar with tabs for Overview, Repositories, Projects, Packages, and Stars. The main content area features a circular profile picture with a red and white checkerboard pattern, a button to 'Edit profile', and a section titled 'Popular repositories' showing three repositories: 'vityarthi_project_25BCY10096' (Python), 'vityarthi_project_25BCY10096AJML', and 'Digital_Literacy_Project'. At the bottom, there is a 'Contributions' section showing '2 contributions in 2025' and a calendar grid for the year 2025.
